D.O.No.H.1/30-31 dated 22nd July 1930 from the Deputy Commissioner Mysore District to the Muzrai Commissioner in Mysore.

Notes of Inspection-Nanjangud and Melkote temples.

I submit herewith copies of my notes of inspection of the accounts of the Sri Srikanteswaraswamy temple at Nanjangud and the Sri Narayanaswami temple at Melkote. In the case of the Nanjangud temple, there are heavy arrears of gutta amount outstanding with the lessees and the action taken for recovery is unsatisfactory. The financial position of the temple is much better now as the temple has no deficit owing to the good collections from -- other sources during the half year ending 30th June. A statement showing the collections made during the year up to the date of -- inspection is enclosed for kind perusal. The total collection in cash is Rs.3073-8-11 besides 32, tolas of gold and 35 seers of -- silver collected in the Golaka.

2. I am not satisfied with the manner in which the accounts of the Melkote temples are maintained and advances are made by the -- Poshkar on his own authority to temple servants out of the temple cash amount. This procedure is not only irregular but also ---- suspicious as advances are shown in several places for one and the same ~~xxx~~item. I request that the accounts of the temples at Melkote may kindly be arranged to be audited by an Assistant Controller. The latter may also be requested to furnish suggestions regarding the - manner in which accounts have to be maintained having regard to local circumstances.

"C o p y"

SIR,

With reference to your letter No.834/Muz.24-30 dated 24th October 1930 in the matter of the audit of the accounts of the Sri Narayanaswami Temple at Melkote, I have the honor to state that not only the accounts of at least previous 10 years have to be audited in detail but the question as to what kind of accounts have to be maintained in future has also to be decided. In view of the ----- complicated and difficult nature of this work it was considered --- desirable to have the expert advice of the Comptroller's office. I am deputing one of the auditors to Melkote to conduct an examination of the accounts and to see that the several amounts received in the temple during the past 5 years have been properly accounted for. I am of opinion that the deputation of an Assistant Comptroller is still necessary for examining the general question as to the method and the form in which the accounts have to be maintained in connection with this temple which is situated away from the Taluk Head Quarters and beg accordingly to recommend that the proposal already made may kindly be approved.

I have the honor to be,
Sir,
Your most obedient servant,

~~Financial~~ *Department.*

SIR,

With reference to your letter No.2014 ~~33~~ 24-30-6 dated 10th March 1931, in regard to the checking of accounts of Sri Narayanaswamy temple at Melkote, I have the honor to state that the senior Auditor was deputed in March last to audit in detail the accounts of the temple commencing from 1925-26. Not only the amount involved is large but the number of transactions is very considerable as there are numerous items involving very small amounts. As the work was found very ---- voluminous another Auditor was also sent to proceed with the work more rapidly. The Auditors have been at work since then and they have -- been instructed to finish the work at a stretch and as early as ----- possible.

This has naturally necessitated the Auditors to stay continuously at Melkote and the travelling Allowance bill of the Auditors for - May 1931 was forwarded to the Comptroller for audit in the usual ---- course. It has been returned unaudited with an observation that the sanction of Government may be obtained as the halts exceeded 30 days.

As already explained above, the work is very voluminous and - the continuous stay of the Auditors was necessary in the interests of the work, and it has also been ~~xxxxx~~ economical from the travelling Allowance point of view. In these circumstances, I request that the Comptroller may be kindly authorised by Government to pass the bills in question and also to admit such bills in future whenever the ----

continuous stay

Stay of the Auditors for such a long period at a place is found necessary.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

[illegible] [illegible] [illegible] [

Cash payments made to individuals under Nityakatle as well as payments made on bills of Contractors are acknowledged in the Nityakatle and Hetchukatle Padithara Book. The amount drawn every month does not exceed the sanctioned scale. Separate Register is maintained for payments made to the Establishment and both these Registers are being checked and initialled by the Taluk.Amildar.

4. Cash Book.

The cash on hand with the Peshkar on 23rd June 1930 was Rs. 1130-11-1 comprising of the following items:-

(i)	Undisbursed pay of the Establishment for April and May 1930 ..	Rs.417-11- 2
(ii)	Rokka Vetcha due to the servants of the Sri Narayanaswamy temple ..	71-12-11
(iii)	Interest on puduvat endowments drawn from the Treasury and to be utilised ..	583- 3- 2
(iv)	Rokkavetcha due to the temple servants of the Hill temple ..	57-15-10
	Total	Rs.1130-11- 1

It is objectionable to keep such a large amount with the Peshkar. All Rokka Vetcha amounts received on puduvat and other sevas should first be credited into the Treasury and then drawn on bills at the end of every month.

5. Sevartha Scale Register.

Fees are being recovered in the following items of sevarthas:-

		Rate of the seva	Amount credited to temple funds.
(i)	Archane ..	0- 4- 0	0- 1- 0
(ii)	Sahasranama ..	1- 0- 0	0- 4- 0
(iii)	Mudi ..	0- 2- 0	0- 2- 0
(iv)	[illegible] ..	1- 0- 4	0-14- 0
(v)	[illegible] ..	0- 7- 0	0- 4- 0
(vi)	[illegible] ..	0- 2- 0	0- 2- 0
(vii)	[illegible] ..	0- 0- 1	0- 0- 1
(viii)	[illegible] ..	0- 2- 0	0- 2- 0
IX	[illegible] ..	[illegible]	[illegible]

The temple has a number of puduvat sevas and no portion of this amount is being credited to the funds of the Institution. This should be stoped and the temple's share should be paid according to usual rates. The whole amount realised from the above 9 sources should be credited to the Treasury and the

and the dues to the temple servants drawn from the Treasury separately. The present arrangement of crediting only what is due to the temple is not satisfactory and should be improved. To augment the resources of the Institution the scale of charges may be revised and a small fee may be collected for each darshan given. Proposals may be submitted to the Executive Officer for the Dharmadarsis.

6. Check of silver articles.

The periodical check of vessels and other articles owned by the temple has been overdue. An attempt is being made to verify the articles in stock. A sum of Rs. 500/- had been allotted for the purchase of vessels in connection with the Brahmotsavam. The bill for the purchased vessels should be submitted in time. I noticed a large quantity of vessels lying in the room behind the Hill. The Archakas should sell them by auction and purchase good vessels. The Archakas on the Hill complained that they had not enough number of vessels for use. The Executive Officer should submit at once an estimate for the required vessels.

7. Register of jewels on silver articles.

The register is very old and not stitched properly. Duplicate Sannidhi or Registers have been prepared in Manuscript Note books. The Auditor has inspected and checked these registers recently. An attempt is being made to rewrite the old register in a bound ledger book sannidhivar. The new register should be written up immediately and the old register should also be well stitched and preserved.

8. Advances.

The Taluk Head quarters is 22 miles away from Melkote and the temple has got many urgent items of special expenditure which have to be incurred in advance and the amounts adjusted after drawing them from the Treasury on bills. These advances are being made from the available cash without any authority

authority from a long time. The Muzrai Auditor who has checked these advances has left a note that a sum of Rs. 1179-4-5 is outstanding adjustment. No vigorous action has been taken to adjust these advances. A report should be submitted by the end of July as to the progress made in aljusting the heavy advance.

While checking subsequent advances made by the Peshkar it is seen that the item "White washing the Temple " in connection with the Vairamudi has been shown 8 or 10 times and petty advances made therefor. Similar advances have been made on a number of other items by the Peshkar. Although the sanctioned allotment for the Vairamudi was drawn on 1st April 30 neither the accounts for the amount spent have been sent to the Amildar nor the advance adjusted. This is very irregular. The explanation of the Peshkar should be obtained and submitted for orders. Petty works like white ashing etc., should be got done by local Contractors after obtaining sanction to the work, and amounts should not be advanced on similar works to temple servants.

Besides, the Peshkar has not sent up accounts from December 1929 to the end of April 1930. The Peshkar says that they were sent to the Amildar on 14th June 1930. His explanation for non-submission of accourts punctually before the 10th of every month should be submitted. Vouchers for amounts spent by the Peshkar are not being sent to the Amildar every month. There is no check or scrutiny of them. The Amildar should not pass a further advance until the previous advance is adjusted by the Peshkar by submitting bills in proper form supported with necessary vouchers. The present arrangement tantamounts to the placing of the entire grant at the disposal of the Peshkar without any check or audit.

9. Sthalavasa and Bhatamanya allowances.

From the rules framed for the distribution of these allowances it is seen that there are 200 barawardars for Sthalavasa and 200 for Bhatamanya. The register of Sthalavasa

allowance maintained in the temple shows ~~xxxxxx~~ 312 barawardars. There is no original list approved by any competent authority, nor could the Peshkar explain as to how the number was increased to 312. The Amildar should enquire into this discrepancy and submit the report called for in this connection by the Muzrai Commissioner, before 30th July 1930. Some of these allowances are being paid to proxy barawardars and to non-resident barawardars. This practice is irregular and if the barawardars fail to appear in person, the distribution of allowance should be stopped. To avoid unlawful claimants getting these allowances, all cases of transfer of these barawards should be enquired into by the Amildar, and proposals submitted for issue of certificates of title to payment.

10. Lease Register.

The total extent of land owned by the temple is as follows:-

	Ac. G.
Dry ..	104-4
Wet ..	80-31
Garden ..	1-35
	186-30

The total income on these lands is Rs. 566-13-1 per annum. From the D. C. B. statement for February 1930 the arrears due to the temple is as follows:-

Arrears up to the end of 1928-29		Rs. 2096-13- 8
Current years balance	..	" 561- 0- 9
		Rs. 2657-14- 5
Collections made subsequent to February 1930	..	Rs. 580-10- 8
Balance outstanding	..	Rs. 2077- 3- 9

The action taken for the recovery of amount in each case should be noted and vigorous action taken for expediting collections.

11. Javali Register.

A Javali Register is maintained. There is a lot of old clothes not required for the use of the temple. These may either be given to some other deserving poor institutions, or used for other purposes of the temple.

12. Pending papers.

(i) Report of action taken on the audit of accounts of the temple by the Muzrai Auditor.

(ii) -do- notes of Inspection made by the Muzrai Commissioner (Vide D.C's No.H.915/28 dated 10th May 1929).

(iii) Report regarding the completion of the draft manual and

(iv) Report regarding rules for the distribution of Sthalavasa and Bhatamanya allowances.

The submission of reports in the above cases should be expedited.

13. Temple records.

Records are being kept in bundles on wooden trays. Some of the old and important records are missing. The records should be kept in wooden Almirahs, and the keys of the Record Room should be under the custody of the Peshkar. No outsider should be allowed into the temple office records or the subordinate officials entrusted with the keys.

The Peshkar should be present while sealing the doors of the Sannidhis and the main temple every night after the days function are over and at the opening of the seals every morning.

14. Dharmadarsis meetings.

The body of Dharmadarsis was last reconstituted as per Government Notification No.207/Muz. 25-4 dated 11th August 1925 and the sanctioned term expries on 11th August 1930. 14 meetings were held during the current year the date of last meeting being 29-4-1930. The Dharmadarsis should evince more interest in supervising the daily and hetchukatle services and meet regularly every month and scrutinize the monthly accounts. Out of 9 gentlemen on the Committee the following gentleren have absented continuously for over 3 meetings:-

1. Mr. Penugonde Raghavachar
2. " Ranganna
3. " Tirumalachar
4. " M. G. Shama Iyengar
5. " C. R. Yathirajiah.

Proposals for the reconstitution of the Committee should b submitted by the Sub Division Officer. Those who have not been punctual in attending the meetings should not be recommended for reappointment.

15. The total number of barawardars of the Temple Establishment is 302. Of them 77 are personally doing their duties and 115 are Kumastha barawardars and 10 posts are permanently vacant. As regards these vacant barawards which carry an aggregate monthly allowance of Rs. 30-4-0 enquires may be made whether any claimants are forthcoming. If there are none, proposals may be submitted for giving small temporary increases to the pay of the sepoys and archaks and providing an additional archak to the temple.

16. I am not satisfied with the way in which temple amounts have been advanced by the Peshkar on his own authority and remain unadjusted for months together. He does not compile the accounts regularly and submits them every month with the vouchers to the Amildar. His pay for June should not be drawn until all the accounts are sent up to date, the advances are adjusted and his explanation asked for are furnished.

17. There is only one Archak for three Sannidhis. As a result, pooja is not done in the proper time. I have received complaints of serious delay in the performance of pooja both from people of Melkote and from Visitors from outside. I hear that an Archak whose services were obtained from outside has been sent away. I should like to see the records relating thereto. The Sub Division Officer should take immediate steps to see that the full complement of archaks as originally provided is appointed. The Sub Division Officer should submit a report on this matter before the end of July.
